

IN HOUSE or COMMONS

Ottawa, May 30th, 1914.

The Canadian Northern bill received second reading yesterday, and will be taken up for further discussion today. A hurried caucus of the Government supporters, principally from Quebec, was held yesterday evening between seven and eight o'clock. The rumor is that Sir Rodolphe Forget, who, by rallying the Nationalist wing to the support of the Government on the motion for a six months' hiatus, was able to give the Government its largest majority of this session, is now demanding his pound of flesh. Sir Rodolphe is the projector and principal stockholder of the Quebec and Saguenay Railway, an enterprise intended to follow the north shore of the St. Lawrence from Quebec city to the mouth of the Saguenay. The distance is about 120 miles and there is very little settlement or business to justify the construction of the railway. Whatever may have been Sir Rodolphe's expectations in starting the enterprise, he has found it too great a burden to carry and desires to unload either directly upon the Government or through the Government upon the Canadian Northern. The Canadian Northern resolutions having passed their first stage and the strength and position of the respective parties having been established, the suggestion is that before the second and final stage of the aid bill is reached Sir Rodolphe will insist on a settlement. Hence the hurry call of yesterday evening and the action taken in this morning's paper, that the session is not expected to close until June 9th, and possibly later. With the Canadian Northern resolutions so far advanced and only the Farmers Bank and Redistribution bills to be considered, there seems to be no good reason why the close of the session should be delayed, provided the Government has its business in hand. This is now the third week of morning and Saturday sessions, while the most important business of the session, the Redistribution Bill, has not yet reached the House. On the face of the record it would seem to be the Government's deliberate intention to delay business and wear out the physical and financial endurance of the members so that legislation can be got through that otherwise would not be possible.

A resolution to form the basis of an act to increase the salaries of the civil servants in Ottawa, particularly in the lower grades, was moved by the Minister of Finance. He said it was not intended to put the bill through this session. Consideration of the resolution brought out strong criticism from Edwards of Frontenac, Ont., and Fowler, of Kings, N.B. Both members declared that the service was now suffering from too little work and too much pay. Both agreed that the measure was to all intents and purposes a bribe to the service for their votes at the next election, and that it was not being put through this session, as it would have a more direct effect when put through next session. Fowler advocated the disfranchisement of civil servants. The remarks of both Edwards and Fowler were greeted with a large measure of applause on both sides of the House.

On the estimates for the Hudson's Bay Railway, the Minister said that steel had been laid on 110 miles from The Pas; that grading had been completed for 40 miles further, and that construction was in progress for 100 miles beyond the end of the present grade. It was expected that steel would be laid to the end of the present grade within a couple of months and it was hoped that by fall the steel would have reached the first bridge across the Nelson, 280 miles from The Pas. The steel was expected to be at Nelson in the fall. It was hoped that communication was in operation between Nelson and The Pas. The work now going on at Nelson included the erection of a mile and a half of pier and trestle. The Minister denied that the

With the Advent of the Vacation Season Comes a Sale of Trunks and Suitcases

This is a reasonable sale—just when so many people are planning their vacations and summer trips, when Suitcases and Trunks will be in demand, we offer the following extra special bargains. These special prices are for Friday only.

\$1.75 Matching Suitcase	50c
\$2.50 Trunk	1.00
\$3.50 Trunk	1.50
\$4.50 Trunk	2.00
\$5.50 Trunk	2.50
\$6.50 Trunk	3.00
\$7.50 Trunk	3.50
\$8.50 Trunk	4.00

PEACE RIVER COUNTRY HAS PROSPECT OF THE GREATEST OIL FIELDS IN THE WORLD

—Rev. C. H. Hopkins.

Pioneer Methodist Minister Addresses Industrial Association—Declares North Country is a Land for Big Men—Urges Edmonton to Look to Her Laurels in Retaining Trade of Country

(From Evening Edition)

After traveling 136 miles to attend the Methodist conference in Calgary, Rev. C. H. Hopkins, pioneer Methodist missionary of Hudson's Bay, is in the city, via rail north, and addressed the members of the Edmonton Industrial association at their luncheon at noon yesterday.

Mr. Hopkins said that even as a minister of the gospel, he felt as could not say too much of the great country of the north, and as an evidence of the interest being taken in that country he instanced the fact that the many inquiries from all parts of the continent and particularly from Ontario, made it necessary for him to have printed circulars to reply to questions asked for prospective settlers.

A Land for Big Men.
While it was an indisputable fact that in the north they had the prospect of the greatest oil fields in the world, they had a large tract of the finest of agricultural land, boundless watered by many lakes and rivers, and a country which had proved to be of exceptional fertility. It was a land for the large men who could see into the future, and in many instances people had come from the older sections of the Dominion and from the United States and had secured more and better land than that they had left, and as a consequence were more than satisfied with the conditions as they found them in the north. While it was a fact that many were doing things on a large scale, one man having 300 acres under crop, with a yield of 1,000 bushels last year, the majority were content with the ordinary farm and the proportionate return.

Edmonton Meets Its Fate.
Edmonton is but the centre of the province, said Mr. Hopkins, "and while at the present time the bulk of the supplies that go into the Peace river country are purchased in Edmonton, the merchants of Vancouver are alive to the possibilities, and it is incumbent on the people of Edmonton to be awake to the advantages they at present have and to retain them."

"As to the fertility of the soil, Mr. Hopkins said it was not necessary to flatter the ground and a beautiful harvest was the result. In reply to a question as to the water supply, he said that a beautiful supply was very easily and readily obtained, while the trade brought Peace River Crossing were of the best."

London Mail Representative.
Mr. James, a representative of the London, England, Mail, who is making a tour of the province, was also present, and gave a short address. Mr. James was a passenger to the country on the ill-fated steamer Empress of Ireland. He is now on his way to the coast and will return via the southern route, studying conditions by the way. He was of the opinion that the over-growing acreage of Canadian prospects, as set forth in the pamphlets sent out by shipping agents were having

TO SEE INCINERATORS IN EASTERN CITIES

Alton and Stewart to Be Sent East on a Trip of Investigation

(From Evening Edition)

Street Superintendent Alton and Superintendent of Incinerators Stewart are to be sent on a trip of investigation through Canada and the Eastern States as far as New York. They will start within the next few days and are to devote their time to a study of incineration operations and the handling of refuse by the larger cities.

Superintendent of Incinerators Stewart with the co-operation of Street Superintendent Alton, has devised a new form of grate for use in the local incinerator on the South Side. This grate is such an improvement over the old style, that once carried on over several months show that it burns a third more material than the grate supplied by the incinerator company.

"Alton and Stewart," says Commissioner Booth, "are making quite a study of this subject, and I believe it will be money well spent to send them on this trip, as we are about to spend some \$25,000 on a new incinerator."

The entire trip is not to cost more than \$100, and stop-overs are to be made in those cities that are operating incinerators successfully.

J. D. HUNT IS DEPUTY ATTORNEY GENERAL

Formerly Appointed to Capacity in Which He Has Been Acting Since February 16

J. D. Hunt, acting deputy attorney-general since February 15, 1914, was yesterday confirmed in his appointment. Mr. Hunt will continue to hold the position of inspector of legal offices to which he was appointed in May, 1913.

The new deputy attorney-general was born in Ontario in 1861 and came west at twenty years of age. He commenced to practise law in Calgary in 1883, where he filled offices in the town council, the school board, the board of trade and the agricultural society. In 1903 he contested the constituency of North in the Liberal campaign, but was defeated by J. H. McLeod, later moving to Winnipeg, where he organized the legal firm of Hunt, Noble and Co. and N. Devane.

Coming to Alberta, Mr. Hunt became law clerk of the provincial legislature, until his appointment as inspector of legal offices, to succeed L. P. Clarry.

SPANISH FLAG INCIDENT.

Molina, June 4.—Senator Garcia Molina interpellated the government yesterday on the subject of alleged insults to the Spanish flag at New York, as related in despatches published by the Associated Press. The foreign minister promised to make an investigation.

ing a deterring influence to Canadian settlement from the British Isles. The old land were men with a little capital and a lot of energy. I should not be too, for the Canadian authorities to honestly tell the prospective immigrant of the true state of affairs as regards the labor market, for so many of them come to this country with barely their passage money, and when they arrived here, unable to secure employment immediately on their arrival, they became a charge on the municipalities and a bad advertisement for the country from which they came.

On-Toronto Excursion.

Mr. Roth, chairman of the On-Toronto excursion, announced that already 175 persons had made reservations. Mr. Milne, secretary of the association, was now on his way to the east, making arrangements for the reception of the party en route, and word had been received from him in Winnipeg, announcing a civic luncheon, sightseeing trips, etc., and this was but a sample of what would be on the program at every point visited.

Next Thursday the meeting will be in charge of the On-Toronto committee, when they will demonstrate some of the things which will be put on during the trip.

Excellent music was furnished at the luncheon by the Gilmor mandolin string quartet, composed of Guy G. Jenkins, V. Vance, D. McKenna and W. J. Atherton.

\$1,200 Reward

For the Arrest of Amisk Murderers

Provincial and Dominion Governments Each Offer \$500 for Capture of Men

(From Evening Edition)

Twelve hundred dollars reward is now offered for the apprehension of the three desperadoes who were connected with the murder of James Chivas, justice of the peace, at Amisk on Saturday, May 26.

Every available man of the Mount Police force is engaged in the search, and the round-up of the men is confidently expected. The provincial government will pay \$500 for the arrest of each man and the Dominion government a like amount.

BILLARD CHAMPIONSHIP.

Kansas City, June 4.—Bernie Allen, billiard champion of the world, last night defeated Ray Pratt, of San Francisco, 20 to 15 in the first round of their match for the title. High runs were Allen 20, Pratt 8.

Huron and Bruce Oil and Natural Gas Company, Limited

THIS COMPANY was formed last October, and only a very small amount of stock was offered for public subscription.

The directors felt that until further developments had taken place in the Southern Alberta fields this stock should be withdrawn.

This fact has now been proven without a doubt, and the directors, in accordance with their promise to the shareholders, have signed a drilling contract with the Janse Drilling Company, and operations are to be commenced by June 19, 1914.

In view of these facts a limited amount of stock will be placed on the market Friday, June 5, 1914, at 9.30 a.m., at par value of ten dollars per share.

REMEMBER this is your last chance to get in on the ground floor. When the limited issue is sold no more stock will be offered to the public at par value.

Every application must be accompanied by all cash. No applications or allotments with this issue.

Two Offices Only for the sale of this stock:

North Edmonton:

The Lacey Landis Land Company 649 First Street Edmonton, Alta.

AND

South Edmonton:

Thomas E. McLean 54 Fourth Ave. N.W., Edmonton, Alta.

They will gladly furnish you with prospectus and applications by calling on them.

A limited amount of stock has been placed aside for out-of-town customers.

HURON and BRUCE INVESTMENT COMPANY FISCAL AGENTS 711 CENTRE STREET, CALGARY

Oil Made in Oil

THE wealth produced by an oil well staggers the imagination. In the Beaumont, Texas, field a single well has been sold for one million dollars. A clerk in London invested six shillings in Russian oil stock and received in return profits aggregating about \$2,500. Investors in the Texas field have realized an income of \$1,000 per year from an initial purchase of \$10 worth of stock. No one can yet say how great the Calgary production will be, but those best qualified to judge believe that it will be one of the greatest producing fields in the world. Those who have the nerve and foresight to invest in the Alberta field now are very liable to reap similar phenomenal profits.

THE one greatest assurance of success in oil development, as in mining, is the certainty of sufficient capital to insure the fullest development of the field. The Calgary Alberta Petroleum Company, Limited, Non-Personal Liability has already 2,080 acres of the finest leases obtainable in the known field, and the Directors have pledged themselves to retain in the treasury enough funds to obtain 7,080 additional acres as soon as new areas are proved. In this way the stockholders will be assured of holdings in every part of the field, and the acreage of this company will be 100 per cent productive.

BESIDES this, the Company is big enough and strong enough to proceed with drilling operations on every part of its property. Not only one well will be drilled, but several. One drilling rig is already on the way and is nearing Calgary at this time. Others will

follow. This will put the new Company's operations weeks ahead of those begun by other and weaker companies who have insufficient funds to get quick action.

THAT this is a substantial and dependable Company is proved by the names of W. S. Herron and W. A. Elder on its directorate. The Company will be conducted by men who have already achieved success in this field. It cannot help but succeed.

YOU will remember the history of our Herron-Elder Gas and Oil Development Company; how the stock rose steadily from 50c per share to \$1.25 per share, when it was taken off the market. It is freely predicted that Herron-Elder stock will reach \$5.00 before its first well is completed. What it will rise to after that no one knows.

HISTORY repeats itself. The stock of the Calgary-Alberta Petroleum Company is now offered at fifty cents per share. This price may be raised at any time without notice. Outside purchasers are buying very heavily, and the present issue will probably be exhausted before the end of the present week. The price will then be raised. Those who desire to make a good, safe investment in oil stock should secure Calgary-Alberta Petroleum NOW, while the price is at fifty cents. Money is made by action, not by regrets. Go now, while the price is low, and purchase your stock.

Western Can. League Games Were Postponed by Rain

Eskimos Were Saved From Defeat by Jupiter Pluv.

Fans Would be Glad to See It Rain Until Team Returns Home Next Monday—Bill Hurley is a Good Example of a Winning Manager—Eksa. Play at Moose Jaw Today

Yesterday's rain was very welcome to Edmonton baseball fans, as well as Alberta farmers, for it precluded any chance of the crippled looking down-dragging another game. If it rains, will keep on the job for a few more days opportunity will be given to the Eskimos to get into shape again. As for Hurley, he is out of the game for a month at least, and it is up to Manager Norky to get another capable outfielder at once. The Eskimos are feeling under a man like Hurley, the manager. But Hurley, who has been showing here last week, can neither field nor bat. With the exception of Harman and perhaps Stalock, the Edmonton pitchers have shown little to brag about while on the road, and at least two more first class pitchers are required. The Eskimos are not hopeful out of the race yet, but they will be pretty soon if reinforcements are not secured at once. Hurley seems able to get capable players from the Northwestern League managers, so why not Edmonton?

In the language of the fan: "You've got to hand it to that guy Hurley; Bill is always out there with a flapping up at the top. He has the strength of the league gauged to a nicety, and gathers a team together which is just a trifle better than the others. This season he brought back a team of players to Saskatoon, and released one (Kille) after the first few weeks of the season. This shows that it pays to get the best for the money expended in saving release from Brown, Lynch and other N.W. League managers, is saved by not wasting cash in the transportation of prospects from all parts of the States, who prove blunders when they do arrive. The papers around the circuit are panicking Hurley for having let go the Eskimos. But if his salary list is within the bounds set by the league president, he should be praised instead of being condemned for he has certainly gathered together a team that would win a lot of games in Class B company. Few of the fans know that Edmonton has a chance to sign Hurley as manager in the spring of 1915. The writer conveyed the information to Mr. A. Gray that Bill would like very much to lead the Eskimos, and was laughed at for his trouble.

The present season has been an unfortunate one for "batteries." While on the spring training trip Stadelmeier, the fighting left gardener of the Bulls, broke his ankle. Gaudence of the Braves ran into misfortune in Medicine Hat, while, O'Connell, Rayner also broke his knee in the same city, and is out of the game. It is a pity that the Western Canadian League managers that they have not been able to secure the policy of the Federal League, Charlie Smith.

new managing festing, was playing with the St. Louis Peas. Last season was and unfortunate enough to break his leg in the early part of the season. Instead of paying his hospital bills during his illness, the long-haired St. Louis club immediately handed him his release. No wonder so few of last year's outlaws are with the Peas this season.

Any Edmonton fan who happened to glance at Joe Price's sport page in the Calgary Alberta yesterday would have experienced heart failure for in the Western Canadian League, the Edmonton was found bringing up at the rear. Josiah must have asked him all questions and he leaves no standing. The ill-fated Edmontons are dropping gently, but are a few inches removed from the cellar yet.

Yesterday's rain did away with any possibility of a terrible war at Moose Jaw. It was the day set aside for the release of the Peas, and as the Eskimos were to be the visiting team, need and his minute could have caused trouble from the visitors. The big question is: Will the Peas get the "championship"? In a league meeting held after the past season series the directors decided to award two pennants, one to the victor of each half of the schedule. But Hurley's official aide published Moose Jaw as champions, and the other half of the schedule. The Peas are planning their faith on Editor (Kille) after the first few weeks of the season. This shows that it pays to get the best for the money expended in saving release from Brown, Lynch and other N.W. League managers, is saved by not wasting cash in the transportation of prospects from all parts of the States, who prove blunders when they do arrive. The papers around the circuit are panicking Hurley for having let go the Eskimos. But if his salary list is within the bounds set by the league president, he should be praised instead of being condemned for he has certainly gathered together a team that would win a lot of games in Class B company. Few of the fans know that Edmonton has a chance to sign Hurley as manager in the spring of 1915. The writer conveyed the information to Mr. A. Gray that Bill would like very much to lead the Eskimos, and was laughed at for his trouble.

York Mackin, formerly second baseman and manager of the Edmonton team, is now looking for a manager's outfit at Lehighridge. Johnny was with the Peas, but he is now in the pocket of the Federal League, Charlie Smith.

Our offerings of finished and unfinished worsteds, blues and blacks in stripes; browns in checks and stripes, and greys and small checks, and tweeds in browns and greys, is complete in every detail. We have all sizes, from 35 to 48, and suit it almost any figure. No charge made for alterations, which are made by our expert tailors.

RESOLUTE WON THIRD TRIAL FROM VANITIE

Losing Yacht Laid To Rest When in Lead to Rescue Two Sailors

By Bulletin Leased Wire. RIVE, N.Y., June 5.—The third race of the initial series for the American cup defense candidate yachts, was won off here today by the resolute, after the Vanitie withdrew, while the resolute, in order to assist in the rescue of two of her crewmen who had been washed overboard during the first leg of the race.

With Vanitie out of the race the Resolute was entered of a hollow victory, and the contest, originally planned to be a five-mile race, was shortened half that distance, and the Herreshoff craft rounded the finish line in 23 minutes and 41 seconds after the start. By winning today's race, the Resolute went into the lead, having won two out of three matches. The yachts will return the contest Saturday when the Larchmont Yacht Club will act as host.

The crew saved overboard were Alex Johnson and Oscar Olson. They were finally picked up by the tug, and the other by the other members of the Vanitie's crew.

MIAMI CITY PROMOTERS GET FIGHTERS TOOK MONEY

Willie Hittche may have received quick trimming at the hands of Charlie White in the recent bout at the promoter, Tom Andrews. The total receipts were \$10,000. While got a deficit of \$2,000. Mr. Andrews said that they are not keen for the promotion, limited round bouts grand opera piece. Given a hint between Hittche and White to a finish, and the dimension of any arena in the country would be taxed to hold the crowd.

CIVIC CHICKEN CLUB

The following players are requested to turn out for the Civic on Saturday, June 6, on the East End park, at 2:30. The following team will meet the North Edmonton team in a league match at the above ground: Hirt, Pascoe, Wormald, Hodgson, Stiles, Moore, Street, Brown, Collier, Mitchell, Glick; reserves, Solbeck, Dawes.

He is understood to be located at Vegreville, where he is pitching one game per week.

Red Sox and Edmonton City Dairy are taking the two sections of the City League. Stiles and Moore should provide a great struggle when they meet in the play-off. Hirt, if the Indians could bolster up their batting streak in the last few days of the leading team's battle.

CHICAGO PAPER TELLS OF FOOT'S DOUBLE PLAY

Western Canada League Has Many Chicago Players on Its Roster

With a top line saying that it is a "Special to the Chicago Daily News," that paper publishes the following crack-up on its issue of May 29:

"Medicine Hat, Alta., May 29.—Medicine Hat, the home of Wind and Weather, is also the home at least of the municipally owned ball park, which is to be as far as known the original case of a city furnishing the ball field for professional baseball. The dimensions of the yard originally measured about 300 feet by 400 feet, and it lay alongside a 120 foot high hill. As the majority of the collectors entered the game from a choice location on the hill, and consequently the noise, revenue was lost, it was found necessary to extend the fence to along the hill. The yard now measures about 1300 by 500 feet, a monster field, and includes the hill.

"The games at this time of the year are called at 5:45 p.m., and it is possible to play for two and one-half hours. The attendance takes from 50 to 100, and it is no more than to see forty or fifty automobiles lined up in parking space. No Sunday ball is played, Saturday and holidays two games, one at 2:30 and one at 6 p.m.

"One of the most freakish plays in football occurred here a few days ago. With runners on first and second the batter drove a ball on the line to the pitcher. It hit him on the head, knocking him unconscious, bounded into the air and was caught by the third baseman, who whirled and threw to second for a double play. The ball was then relayed to first by an outfielder, who completed a triple play, which would have been a very unique feat of baseball.

"...and, moreover, though knocked unconscious, the pitcher, for his part of the play.

"Outfielder, of the sedation club, formerly played with the Nipper-sinks and other Chicago parlor league, and last year played centre field for City Young's Cleveland Federal League team. He is doing well.

"Eddie Matt, a west side boy, is playing second base for Edmonton, and is giving a good account of himself.

"Larry Pyle, with Calgary, and one of the victims in that freakish double play, is also well known to Chicago ball players, having played in the Wisconsin-Illinois and other nearby leagues.

Kansas City Feds After Blanding

Would Restrain Pitcher From Appearing With Cleveland Americans

By Bulletin Leased Wire. KANSAS CITY, June 4.—The Kansas City Federal league club today served notice on Pitcher Blanding, of the Cleveland Americans, to appear before Judge Powell in the superior court next Monday, when it intends to prove that a temporary injunction be granted, restraining him from playing with Cleveland or any club other than the Cleveland Americans.

INTERNATIONAL SOCCER

Players representing Scotland and three to second for a double play. The ball was then relayed to first by an outfielder, who completed a triple play, which would have been a very unique feat of baseball.

Billiards Claim More Fans Than Other Sports

In Chicago Alone There Are 7,000 Tables—Price of Ivory Has Gone Up—Why Not Use the "Beans" of Some Baseball Players We All Know?—New Balk-Line League

With the competitive season now on the move, billiard-romances are beginning to plan for next season's activities. Chief among these will be the formation of the billiards league in which one of the leading professionals of the country will compete. Albert G. Cutler, Harry Cline and Calvin Demarest on their tour to the Pacific coast, is working out the preliminary plans for the clubs which will be included in the circuit.

The International Billiard League has nearly completed the details of its organization. Charles F. Demarest, President, and John H. Demarest, Secretary, are working out the details of its organization. Charles F. Demarest, President, and John H. Demarest, Secretary, are working out the details of its organization.

Billiards Deal

In the army of sport the billiard brigade is easily the biggest, and while the followers of baseball, football and boxing may claim other forms of sport as their own, the billiard brigade is easily the biggest, and while the followers of baseball, football and boxing may claim other forms of sport as their own, the billiard brigade is easily the biggest.

TENNIS CLUB

LONDON, June 4.—Tennis enthusiasts all over the world of tennis are interested in hearing about the new rubber lawn tennis courts. The new court, which is made of rubber, is the first of its kind in the world. It is to be opened early in June at the Prince Arthur of Connaught, which is a most curious place. The new court, which is made of rubber, is the first of its kind in the world.

NOTED FOX HUNTERS VISITORS TO EDMONTON

William H. Kane, One of Largest

Buyers in Ontario, Dis-

cusses Conditions Here

William H. Kane, the largest fox

hunter and owner in the United States

with headquarters at Ogden, Pa., is

in a visit to the city and will be

in the city for a year or two.

Mr. Kane makes a yearly trip to the

north country on a fox hunting trip.

In conversation with The Bulletin

last night Mr. Kane gave some very

interesting facts upon the fox hunt-

ing in this country. When so many

men are turning their backs on the

subject are of particular interest.

For the business is getting down

to a sound business basis in this

country now, said Mr. Kane, "a year

ago it was good for the country to

afford a boom and for the time

things were hardly normal, but now

conditions are getting settled and al-

though the fox hunt is not the best

of the better grade of black and red

foxes still hunt, there is a great

future for the business in this coun-

try.

Many Farms in Alberta

"I have been in close touch with

the subject and notice that a large

number of farms in this section are

being sold. This is a good thing and

it is bound to be a paying prop-

erty for the future. The men who

have underwritten this business, as

things are going, this will be a very

lucrative business."

"Where eighteen months ago the

fox hunt was a thing of the past, it

is now a thing of the future. It is

even more so now than it was a

year ago. I am speaking from my own

standpoint. I have had a great deal

to do. There is, as you will have

noticed, a scarcity of buyers. It is

not in comparison with the time last

year, and that is not caused by the

fact that the fox hunt is a thing of

the past. I have had a great deal

to do. There is, as you will have

noticed, a scarcity of buyers. It is

not in comparison with the time last

year, and that is not caused by the

fact that the fox hunt is a thing of

the past. I have had a great deal

to do. There is, as you will have

noticed, a scarcity of buyers. It is

not in comparison with the time last

year, and that is not caused by the

fact that the fox hunt is a thing of

the past. I have had a great deal

to do. There is, as you will have

noticed, a scarcity of buyers. It is

not in comparison with the time last

year, and that is not caused by the

SCHOOL BOARD HAS HEATED DISCUSSION

(Continued From Page One)

request of W. L. Richardson, director

of technical education, for an in-

crease in salary. Mr. Barnes moved

that his present salary be raised from

\$2,100 to \$2,500 per annum. "I

think," he said, "that Mr. Richardson

should be commensurate with his po-

sition."

Richardson's Increase Refused.

After the matter had been debated

for some time, the school board

thought that some schedule of in-

creases should be adopted. The

board then adopted a resolution, af-

ter stating its reasons for the request,

that it was not going to agree to the

increase.

Who's running the school board,

Mr. Chairman, is it the

majority or the minority? The

motion was voted down, and Mr.

Barnes gave notice of a motion to

move for a reconsideration of the mat-

ter.

Tenders Received.

The tender of Phoebe and Mat-

thew for the school board was

accepted at \$10,225. Other bids were:
